## Design personalised symbol materials to print

This resource pack was created using InPrint 3.

With access to over 20,000 Widgit Symbols, 100s of editable templates and a range of powerful design features, InPrint 3 customers can edit and amend all ready made resources, customise symbols and content, as well as create their own visual supports.

### Change Skin Tone

Change the skin tones of any symbol to make your materials more personal.

### Add Your Own Pictures

Personalise your materials by adding images from your computer or the web.

### Change Symbol Colour

Tweak the colour of any Widgit Symbol to make your content more relevant.

### Change Symbol Text

Edit the text beneath a symbol to make your content more specific or personal.

You have downloaded a PDF of the resources.

### Would you like to edit these PDF Resources?

If you subscribe to InPrint 3 (IP3), and download the IP3 version of the resources, you can edit or tailor the content to meet your needs.
