When you insert the CD, the installation process should begin automatically. If it does not, browse to the CD and double click the **'Communicate In Print 2.msi'** file.

Click 'Next' to continue.

Enter your details. Your registration code can be found printed on your licence agreement which is located inside the dvd case.

Note: The registration code must be entered in lower case.

You will be asked which type of setup best suits your needs:

**Complete Installations** will install all program features locally on the machine to default locations. This type of installation is recommended for most users.

**Custom installations** are supported for the benefit of network administrators and for users who wish to specify non-standard locations for the shared Communicate: In Print files.

The majority of users will not need to perform a custom installation. If you wish to customise the installation further you may wish to download our network installation guide and perform an administrative installation.

Clicking 'Cancel' will close the installation wizard.

After clicking to confirm the type of installation required click 'Next'.
